

I think
that on this planet
we are all guests.

Marriott
ATLANTA MARQUIS

At the Atlanta Marriott® Marquis, we understand how important it is to take a stand in protecting the environment. And because we think that friendly service and eco-friendly service should be one and the same, you can still expect the same high-level of personal care and expertise from our highly trained staff.

Current Green Initiatives

- Single stream recycling system
- Linen-less tables in Atrium meeting spaces
- Linen reuse program in guest rooms
- Room keys made of 50% post consumer content
- Recycled meeting pads and pens provided in all conference spaces
- Water coolers in meeting spaces
- Reclaimed water used for in-house laundry
- 1.28 gallons per flush toilets in guest rooms
- Automatic sensors on all public area plumbing fixtures
- Distribution of daily "green" tips to hotel staff
- Light bulb and battery recycling program
- Energy-saving fluorescent lighting

Results

- Awarded Marriott Environmentally Conscious Hospitality Operations (ECHO) Award for \$1.2 million annual savings
- Recycled five million gallons of water annually from laundry usage
- Reduced energy consumption from light bulbs by 10 million kWh, a 28 percent reduction from the base year
- 30% improvement in Energy Star® rating
- 34% reduction in natural gas
- 28% reduction in electricity
- Saved 22,472,312 gallons of water since 2005

"We aspire to be the global leader that demonstrates how responsible hospitality management can be a positive force for the environment while creating economic opportunities around the world."

—J.W. Marriott Jr., chairman and CEO, Marriott International, Inc.
